---

Hi, Richard.

I'm still waiting to hear back from Portland District management, whether they'd like me to participate in the site visit.

I understand USACE would like to cabin the discussion to technical topics, including response actions taken to date, current conditions, etc., but exclude anything that implicates the FFA or SMP. I think there's a good chance they will ask me to sit this one out, until the USACE FFA technical and legal leads are ready to meet with their EPA counterparts.

I should hear back later today if my client would like me to participate—and I'll let you know either way just as soon as I hear.

Thank you,  
Jeff

Subject: [Non-DoD Source] Bradford Site Visit and Meeting

Hi Jeff,

EPA staff and officials are planning to visit Bradford Island next Thursday morning, June 23, and attend a meeting with USACE following the site tour. I will attend the tour and participate in the meeting if you are able to do so. If you cannot make it, then I will not join in.

Please let me know your plans as your earliest convenience.

Thank you,

Richard
